Mold, Asbestos & Air Quality

Recent studies have shown that the indoor air environment can be just as contaminated and in some cases more contaminated than the outdoor environment. Over 10 million Americans suffer from Asthma and other respiratory illnesses. This seminar will provide tips and strategies to prevent and reduce indoor air quality issues within your workplace. Topics covered are mold, carbon monoxide, asbestos, and dust.

Seminar Dates, Times & Locations:

Tuesday, June 3, 2008 St. Croix (9:00 am – 12:30 pm)
at Gertrude’s Bar and Restaurant
Wednesday, June 4, 2008 St. Thomas (9:00 am-12:30 pm)
at Roy Schneider Hospital HR Conference Room

Seminar Cost: \$299 per person includes course handouts and certificate.

Seminar Facilitator:

Milton Jacobs is an award winning Certified Safety Professional (CSP).
